### **DIRECTIONS TO LUX SEVILLA APARTMENTS in BORMUJOS**

From the airport follow all signs towards HUELVA – this will bring you onto the A49 motorway.

As you leave the city out on the motorway you will pass IKEA, and not long after this take JUNCTION 6 \*\* signposted Gines & Bormujos

\*\*the junctions are not consecutive numbers – they are in distance from Sevilla so the previous junction is 3 !!

At the roundabout take the LEFT /3<sup>rd</sup> exit signposted Bormujos – this should bring you back over the motorway.

At the roundabout take the LEFT / 4<sup>th</sup> / last exit which goes behind the Repsol garage.

Follow this road round until you see the Factory Aljarafe shopping outlet and turn RIGHT in front of this.

Then take the first LEFT and a little way down the road you'll see a Maxi supermarket and right next to this is the Lux Sevilla.

Park up somewhere here and you need to go into the building and take the elevator up to the first floor where reception is.

### **DIRECTIONS TO THE DROPZONE FROM LUX SEVILLA APARTMENTS**

From the apartments you need to go back the way you came, so to the bottom of the road, turn right, then left and this should bring you back to the roundabout with the repsol garage.

At this roundabout take the 3<sup>rd</sup> exit.

At the next roundabout – (which should have a fountain on it) go STRAIGHT OVER.

At the next roundabout turn RIGHT / 1<sup>st</sup> exit.

Follow this road for a while all the way to the next town of Bollullos.

Keep going STRAIGHT through all the traffic lights until you come out of the other side of the town.

Eventually you will pass La Juliana residential estate on your right, and just past here is a sign for a LEFT turn to Skydive Spain.

Take the track all the way to us!! You should take two left turns on the track (there are signposts) and then you will come to a red & white striped gate.

Sometimes this is closed as the aerodrome provides a secure location for private aircraft, so just call us and we'll come and let you in!!

(Alternatively you may prefer to get back onto the motorway from the apartments, – continuing in the HUELVA direction and carry on to the next Junction 11, then follow the directions on the website – there are some good photos on there to guide you!!! )
